

**GLO Announces New Service to Three Cities**

***New Orleans-owned, based operator announces service from Armstrong International***

**(NEW ORLEANS, LA)** – Louis Armstrong New Orleans International Airport is pleased to announce that GLO will begin nonstop service to three destinations beginning November 2015, just in time for the holidays. The nonstop destinations include Little Rock, AR; Memphis, TN; and Shreveport, LA.

GLO is a New Orleans-owned and based startup public charter operator and will offer a quality alternative to business and leisure travelers who have been relegated to multi-stop flights and exhausting road travel due to an absence of non-stop air service to multiple Gulf and Mid-South destinations. GLO’s public charter flights will be operated by Corporate Flight Management, Inc. onboard 30-passenger Saab 340B aircraft. Tickets are on sale now at [www.FlyGLO.com](http://www.FlyGLO.com).

“It’s time we restored non-stop air service to Gulf and Mid-South cities that should be easily connected for both business and leisure travelers—and GLO is proud to provide that service,” said New Orleans resident Trey Fayard, Founder and CEO of GLO. “GLO was born out of the recognition that travel options in the Gulf and Mid-South regions are incredibly limited by existing air carriers. Too often, both business and leisure travelers are forced into multi-stop flights or overreliance on road travel, often resulting in wasted time and productivity. GLO non-stop service will have New Orleanians out to their destinations first thing in the morning, and can have them back home by the same evening, ensuring the least time spent traveling.

“We’re excited to bring a new travel option that couples the time efficiency that comes from flying with the comfort and seamlessness that comes from a first-rate operation. Starting with three daily routes, we look forward to offering a more efficient, productive and comfortable travel experience from New Orleans to Memphis, Shreveport and Little Rock.”

GLO will offer daily non-stop, round-trip service from New Orleans International Airport to each destination. The daily flight timetables are as follows:

**Monday - Friday**

<b>MSY</b>	<b>SHV</b>	<b>SHV</b>	<b>MSY</b>

“GLO’s announcement today is evident of the opportunities that abound within our great City,” said New Orleans Mayor Mitch Landrieu. “This New Orleans-based operation is creating more job opportunities and better connectivity within our region that will further benefit our community.”

“GLO is a welcomed addition to our list of air service providers serving Armstrong International, and we look forward to the increase in service they will bring to our community,” said New Orleans Aviation Board Chairwoman, Cheryl Teamer.

“We congratulate GLO on this momentous occasion and are proud to see a New Orleans-based company make such an announcement at our growing airport,” stated New Orleans Councilman Jared Brossett, Chair of the Transportation and Aviation Committee.

“We have coordinated with GLO for several years as they have developed their product, and we are very excited to be a part of their announcement today,” said Iftikhar Ahmad, Airport Director of Aviation. “GLO will be our 15th air service provider and will bring our total number of nonstop destinations to 49, another record high for Armstrong International.”

**GLO Announces Launch, New Routes from Louis Armstrong  
 New Orleans International Airport**

*New Orleans-Owned, Based Public Charter Operator Restores Service to Underserved Gulf and  
 Mid-South Regions*

**NEW ORLEANS, La. – Sept. 29, 2015** – [GLO](#) (Pronunciation: /glō/) is proud to formally announce its takeoff today. The New Orleans-owned and based startup public charter operator will offer a quality alternative to business and leisure travelers who have been relegated to multi-stop flights and exhausting road travel due to an absence of non-stop air service to multiple Gulf and Mid-South destinations.

GLO’s public charter flights, operated by Corporate Flight Management, Inc. (CFM), will introduce daily, non-stop flights from Louis Armstrong New Orleans International Airport (MSY) beginning in November 2015. GLO will begin round-trip air service to Little Rock’s Bill and Hillary Clinton National Airport (LIT), Memphis International Airport (MEM) and Shreveport Regional Airport (SHV). In anticipation of its launch in New Orleans, GLO will offer promotional one-way \$189 GLO Saver fares (tax included).

Due to GLO’s economical fare structure, travelers will realize a cost-effective and timely alternative to driving to destinations served by GLO. Business travelers will see an exponential increase in productivity and enjoy face-to-face meetings with customers and partners who, until now, were in destinations too far to drive and visit with regularity. In addition, GLO’s leisure travelers will be able to enjoy more of their time visiting their destinations due to the dramatic reduction in travel time.

GLO will offer daily non-stop, round-trip service from New Orleans International Airport to each destination. The daily flight timetables are as follows:

**Monday - Friday**

<b>MSY</b>	<b>SHV</b>	<b>SHV</b>	<b>MSY</b>
Depart 9:30 AM CT	Arrive 10:51 AM CT	Depart 11:25 AM CT	Arrive 12:46 PM CT

“GLO is a welcomed addition to our list of air service providers serving Armstrong International, and we look forward to the increase in service they will bring to our community,” said New Orleans Aviation Board Chairwoman, Cheryl Teamer.

“We congratulate GLO on this momentous occasion and are proud to see a New Orleans-based company make such an announcement at our growing airport,” stated New Orleans Councilman Jared Brossett, Chair of the Transportation and Aviation Committee.

“We have coordinated with GLO for several years as they have developed their product, and we are very excited to be a part of their announcement today,” said Iftikhar Ahmad, Airport Director of Aviation. “GLO will be our 15<sup>th</sup> air service provider and will bring our total number of nonstop destinations to 49, another record high for Armstrong International.”

CFM will operate 30-passenger Saab 340B aircraft on GLO’s new routes. According to the Saab Group, “The Saab 340B is a favorite among aircraft passengers, offering flexibility, comfort and reliability, while operators also value it for its cost-effective performance capabilities.”

On-board service provided by a flight attendant will include complimentary snacks and beverages from the regions GLO will service.

### **About GLO**

The Gulf and Mid-South regions are underserved by existing air carriers, leading to an overreliance on the road. The result is an enormous amount of time and productivity wasted driving to destinations that should have air service.

GLO's founder, Louisiana native Trey Fayard, experienced this lack of connectivity firsthand. He has spent more time than he would like to remember behind the wheel, traveling to locations that should be connected by non-stop air service.

Founded in 2013, GLO is addressing these travel needs, offering daily non-stop air service between its base in New Orleans and Shreveport, Little Rock and Memphis.
